For Immediate Release**Regupol America Celebrates First Full Year of Manufacturing in New Pennsylvania Facility**

Lebanon, PA –Regupol America LLC, American subsidiary of the German recycled rubber manufacturer, BSW, celebrates first full year of fully functioning, latest generation, rubber processing in its Lebanon, Pennsylvania-based facility.

“We are excited about the state-of-the-art manufacturing equipment in the Lebanon Valley Industrial Park. We also have the benefit of working with a neighboring rubber supplier house here in the Lebanon Valley Economic Development Corp., which is a great advantage”, said George Soukas, President of Regupol America. “I’m proud that we have accomplished so much in such a short period. We look forward to many more milestones at this manufacturing facility.”

Regupol America’s machinery was engineered and built in Germany. The equipment was shipped to the US facility and installed under the supervision of the makers. Using prime materials, including the finest EPDM (Ethylene Propylene Diene Monomer) color granules and precision color infusion, Regupol America produces the highest quality Sports & Fitness flooring, Turf

Underlayment and Sound Absorption materials. Regupol is the “inventor” of recycled rubber surfaces, for a wide range of performance applications.

Regupol America LLC, American subsidiary of German-based, BSW (Berleburger Schaumstoffwerk GmbH), is a third generation company founded in 1954. Headquartered in Lebanon, PA, the inventor of recycled rubber flooring manufactures multi-purpose surfaces, underlayment and sound absorption which can be used in a variety of applications. With more than 50 years experience, the group employs over 360 employees. The company uses over 115 million pounds of rubber in the manufacturing process. More than 110 million square feet of product is sold each year, with distribution in over 100 countries. Made of 100% post-consumer tire rubber, post-industrial EPDM rubber and additional renewable resources, Regupol America uses the finest raw materials and state of the art manufacturing. The portfolio of products withstands the most intense use, ensuring outstanding performance. For more information about recycled rubber flooring, turf underlayment, and sound absorption, visit www.regupol.com.
